

GAS STATION DRUGS

Are they real? Are they legal? Are they safe?

Join us for this virtual presentation to learn about the products being sold in gas stations and other stores claiming various health benefits: from increasing energy and weight loss to reducing anxiety and depression. They're easily accessible to everyone, including youth, and can lead to serious health issues, including many that mimic those of opioid misuse.

Learn more about products containing:

- Tianeptine
- 7-OH/Kratom
- Delta 8, 9 & 10
- CBD

They go by names like:

- Neptune's Fix
- Tianaa
- Za-Za
- Feel Free
- Purple Magic and many more

This training is free, but you must register to receive the Zoom link
